

Kemdegreaser WB

Water Based, Biological, Bio-degradable Cleaning Product

Description	It is a water based biological cleaning product composed of ecological materials and plant extracts which is suitable to eliminate and biodegradable all vegetable, animal, synthetic and mineral oils, fats and grease. It is certified and approved by the hygienic institutes.
Where to use	• Metal industries. • Plastic industries. • Food industries. • Gas, oil fields and refineries. • Tank cleaning. • Airports and railways.
Advantages	• Multi-functional degreaser. • No attack of metals, plastics or coating. • 100% environmental friendly. • Safe and non-flammable. • Energy and cost saving.
Properties	
Form & Color	Transparent Liquid
Specific gravity	1.1 gm/cm ³
Viscosity	25 sec.
PH value	4 - 5
Flash Point	N. A.
Surface Preparation	• Treat oil or grease contamination with PROKEM degreaser followed by water or steam cleaning. • Please consult PROKEM technical office for further advice on suitability and pre-treatment of other metal and alloys.
Mixing	• Stir the contents to disperse settlement.
Health and Safety	• Use gloves to avoid contact with skin. • If skin comes in contact, wash immediately with soap and water. • Do not use solvents. • Eye contamination must be immediately washed with water, then seek medical treatment.
Application	• Add first layer of degreasing product on the greasy floor. • Spread this layer upon the floor using brush. • Scrape the floor strongly by hard brush till dissolving of grease. • Wait 20 min then add another layer, spread the second layer and scrub the floor strongly again. • If oil is still visible within the concrete, or on the metal surface repeat the procedure again. • Avoid wiping the oil because this spreads the stains and drives the oil into the surface. • Wash with water and leave to dry. • Steel surfaces should be blast cleaned to SA 2 ½ or power tool cleaning to min. st 2 which may be acceptable for minor touchy up work.
Theoretical coverage	• 1 Kg / 10 m ²
Packaging	• 5 & 20 kg pails.
Shelf life & Storage	• Unlimited in its unopened packs stored in appropriate conditions.
Additional Information	PROKEM provides the construction industry with a comprehensive range of construction chemicals and specialty products answering the queries of modern engineers for trouble free durable structure. PROKEM designs tailor made products should there be critical application that requires specific properties rather than our main range. For our customer's satisfaction. PROKEM reserves the right to change the properties of its products. All orders are accepted subject to our current term of sale & delivery. Users must always refer to the most recent issue of the local product data sheet for the product concerned, copies of which will be supplied on request. PROKEM extends technical services to include after-sales support to assist users in the proper handling of our products.
