

Proback

A Backing Material & Joint Filler

Description	Proback is an extruded polyethylene closed-cell foam, available in boards and strips	
Where to use	Proback is used as a cold applied joint, as a joint filler & for protection of vertical waterproofing of below-grade & retaining walls	
Advantages	• Easy to apply & flexible • Closed cell & compress-able • No bond to the most sealant • Different thicknesses and widths • Good water resistance • Good temperature resistance	
Properties	It complies with ASTM D-545	
Type	Extruded Polyethylene Foam	
Density	135 - 145 Kg/m ³ 155 - 165 Kg/m ³ Available on request	ASTM D1622
Color	Black	
Odor	None	
Compressive strength @ 50% deflection	3.5 – 3.8 Kg/cm ²	ASTM D1621
Recovery	93 - 97 %	
Temp. Resistance	- 40 °C to 70 °C	
How to use	• When installing a backing strip, be careful not to cut or puncture the surface skin • During installation avoid excessive longitudinal stretching • Do not use where the substrate is subjected to a permanent temperature above + 70 °C	
Packaging	Boards in different thicknesses and widths with 1 Lm Long	
Shelf life & Storage	Unlimited in dry and warm conditions	
Health and Safety	• Use goggles, gloves and breathing mask when applying • Apply forced ventilation in confined spaces • Remove splashes from skin with hand cleaner or soap and water • Eye splashes to be washed with plenty of water	
Additional Information	PROKEM provides the construction industry with a comprehensive range of construction chemicals and specialty products answering the queries of modern engineers for trouble free durable structure. PROKEM designs tailor made products should there be critical application that requires specific properties rather than our main range, then and for our customer's satisfaction, PROKEM reserves the right to change the properties of its products. All orders are accepted subject to our current term of sale & delivery. Users must always refer to the most recent issue of the local product data sheet for the product concerned, copies of which will be supplied on request. PROKEM extends technical services to include after-sales support to assist users in the proper handling of our products.
