

Prosolve AL

Oil Based Coating Thinner

Description	It's a high purity aliphatic hydrocarbon with low V.O.C for thinning oil based coatings, varnishes, enamels , stains and wiping oil finishes
Where to use	For thinning and diluting oil based coatings varnishes, enamels and stains. It is an excellent cleaner for rollers, brushes and spray tools in contact with oil based coatings
Advantages	• Low V.O.C. • Improves leveling. • Reduce viscosity. • Increase penetration. • Excellent clarity. • Mild odor.
Properties	
Color	Colorless liquid
Gloss	N.A
V.O.C	300 g/L
Flash point	20 °C
How to use	• The Solvent should be stirred thoroughly and allowed to stand. • All air bubbles must be allowed to disperse before spraying. • The solvent should be added gradually until the coating pattern and weight is achieved. • Excessive amounts reduce gloss and hiding power. • Do not add more than 25% of the volume to oil based top coats. • Recommended application conditions are: • Temperature: 15 - 30 °C. • R.H.: 20 – 90 % • It is flammable, it must be used in a well-ventilated area, away from ignition. • It has a very slow drying times.
Packaging	20 Kg Drums 200 Kg Drums
Shelf life & Storage	24 months in its original unopened packs stored at ambient conditions
Health and Safety	• Prosolve AL is non-toxic. Any splashes to the skin should be washed immediately with water. • Splashes to the eyes should be washed immediately with water and medical advice should be sought.
Additional Information	PROKEM provides the construction industry with a comprehensive range of construction chemicals and specialty products answering the queries of modern engineers for trouble free durable structure. PROKEM designs tailor made products should there be critical application that requires specific properties rather than our main range for our customer's satisfaction. PROKEM reserves the right to change the properties of its products. All orders are accepted subject to our current term of sale & delivery. Users must always refer to the most recent issue of the local product data sheet for the product concerned, copies of which will be supplied on request. PROKEM extends technical services to include after-sales support to assist users in the proper handling of our products.
